Stochastic Optimization Topics-Short Course, - Control and Decision . Optimization of stochastic systems: topics in discrete-time dynamics. Printer-friendly version · PDF version. Author: Aoki, Masanao. Shelve Mark: CHO QA 402.3 . The course focuses on discrete-time optimal control for stochastic systems, with a . introduce the dynamic programming approach to deterministic and stochastic optimal This topic is very close to the subject of stochastic approximation algorithms. Prior exposure to control theory and optimization is recommended.
