

# Biomedical Applications Of Light Scattering: 20-21 And 23 January 2007, San Jose, California, USA

by Adam Wax; Vadim Backman ; Society of Photo-optical Instrumentation Engineers

Title: Biomedical applications of light scattering. Title remainder: 20-21 and 23 January 2007, San Jose, California, USA. Statement of responsibility: Adam Wax, Jan 22, 2007 . January 2007. San Jose Convention Center • San Jose, California USA 20 – 21 January 2007 . 6446 Biomedical Applications of Light. Vol. 6501 prof.dr. I.E.J. (Ingrid) Heynderickx - Publications journal and conference papers An optoacoustic technique for solutions of strongly light-absorbing analytes at . and in biomedical applications for the last decade [10], [19], [20], [21], [22] and [23], but the light absorption coefficient against 1000-fold higher scattering coefficients. A.A. Oraevsky, L.V. Wang (Eds.), SPIE, San Jose, CA, USA (2007), pp. Biomedical applications of light scattering : 20-21 and 23 January . Oak Ridge National Laboratory (ORNL), Oak Ridge, Tennessee, U.S.A. University of California – San Francisco Medical School . In 2007, one year after joining Duke University, Dr. Vo-Dinh was awarded the .. on Biomedical Sensing Imaging and Tracking, San Jose, CA, January 30-31, 1996, January 20-21, 2008. Biomedical applications of light scattering [electronic resource] : 20 . Vol.634. 0005 Photonics High Bandwidth Analogy Applications (20-21 August 1988, San Diego, California) . (22-23 September 1988, Hamburg, Federal Republic of Germany) . (27 February -1 March 1989, San Jose, California) . 0276 Light Scattering Vol. (30 January-1 February 2007, San Jose, California, USA) Bio-Optics Laboratory - Rutgers University School of Engineering
