25 Apr 2014 . WIN3: Women in Numbers 3 (14w5009) Women in number theory who are interested in joining the conference should complete the to generate research in significant topics in number theory;; to broaden the research Research - Facstaff Bucknell WIN2: Women in Numbers 2 (11w5075) . growth of the female number theory community by bringing together researchers at various stages each research group will describe their groups progress as well as future directions for their work. Math. Women in Numbers 2: Research Directions in Number Theory, Amer. Math. Soc., 2013; Ozman E., Points on Quadratic Twists of Modular Curves, Acta Win-- women in numbers : research directions in number theory . H. M. Swisher - Research . K. Lauter, J. Park, and B. Viray), Women in Numbers 2: Research Directions in Number Theory, Contemporary Mathematics, 606, AMS, 2013, 65 - 82. Women in Numbers Europe: Research Directions in Number Theory - Google Books Result 2011, English, Book edition: Win-- women in numbers : research directions in number theory / Alina-Carmen Cojocaru . [et al.], editors. Get this edition Stephanie Treneer - Western Washington University Fields Institute. Communications. The Fields Institute for Research in. Mathematical Sciences. WIN—Women in Numbers. Research Directions in Number CV - People - University of Oxford WIN - women in numbers : research directions in number theory . Home page of the Women in Numbers - Europe, CIRM, Luminy, 2013. agendas of women who are active and successful researchers in number theory. the field, connect them with important research directions and expand their network of WIN -- Women in Numbers: Research Directions in Number Theory Research Interests. Modular forms, number theory, theory of partitions. Volume WIN -- Women in Numbers, Research Directions in Number Theory, American Women in Numbers Europe: Research Directions in Number Theory I work in the field of explicit methods in number theory, using algebraic techniques . To appear in Women in Numbers Europe, Research Directions in Number Renate Scheidler - Publications - University of Calgary The second conference Women in Numbers 2 produced a proceedings volume entitled Women in Numbers 2: Research Directions in Number Theory published . Ekin Ozman - Department of Mathematics 13 Dec 2013 . The second Women in Numbers workshop (WIN2) was held November 6–11, 2011, at the Banff International Research Station (BIRS) in Banff, Women in Numbers 2: Research Directions in Number Theory Department of Mathematics - Ph.D. 11 Nov 2011 . WIN2: Women in Numbers 2 The specific goals are: to highlight research activities of women in number theory; to increase the research group will describe their groups progress as well as future directions for their work. The first conference Women in Numbers produced a proceedings volume entitled Women in Numbers: Research Directions in Number Theory published by the . Dr Jennifer S. Balakrishnan Mathematical Institute Covering topics in graph theory, L-functions, p-adic geometry, Galois representations, elliptic fibrations, genus 3 curves and bad reduction, harmonic. download Win-- Women in Numbers Research Directions in Number . 4 Dec 2015 . Women in Numbers Europe 2 of women who are active and successful researchers in number theory. connect them with important research directions and expand their network of collaborators and research mentors. Papers Including the study of various partition functions including combinatorial properties . Women in Numbers 2: research directions in number theory, Contemporary Women in Numbers 2: Research Directions in Number Theory 8 Mar 2011 . This volume is a collection of papers on number theory which evolved out of the workshop WIN—Women In Numbers , held November 2–7, Win-- Women in Numbers: Research Directions in Number Theory - Google Books Result Proceedings of the Tenth Algorithmic Number Theory Symposium (ANTS-X 2012), . In WIN--Women in Numbers: Research Directions in Number Theory, Fields WIN - Women in Numbers: Research Directions in Number Theory . download Win-- Women in Numbers Research Directions in Number Theory. You can download your book here. download Win-- Women in Numbers Research Women in Numbers: Research Directions in Number Theory 9 Nov 2015 . University of Oxford, Mathematical Institute, Titchmarsh Research Women in Numbers 2: Research Directions in Number Theory, Contemp. WIN2: Women in Numbers 2 - Université

de Montréal Publications - Mathematics Research Unit The second conference Women in Numbers Europe produced a proceedings volume entitled Women in Numbers Europe: Research Directions in Number . Women in Numbers 2: Research Directions in Number Theory: - Google Books Result AMS/CRM Contemporary Mathematics volume entitled Women in Numbers. 2: Research Directions in Number Theory edited by C. David, M. Lalin and. Women in Numbers - Europe - Mathematics
